America is the home of the brave and, apparently, the stupid and

gullible. Satirist
Leland Gregory

with Stupid
American History.
From Columbus to

material, people),
Leland leads us
through American
history's
mythconceptions,

exposing idiocy and inanity along the time line. He reeducates by informing us about myths. For example, Samuel Prescott actually was the guy to alert us that the British were coming and not that Paul Revere dude. Move over Colbert and

Online Library Loncin

Stewart; satire has finally found its rightful place in American history. Excerpt from the book: "John Tyler was on his knees playing marbles when he was informed that Benjamin Harrison had died and he was now president of the United

States. At that time marbles was a very popular game for both children and grown-ups." For reasons still unknown, Texas congressman Thomas Lindsay Blanton, a Presbyterian Sunday school teacher and prohibitionist,

inserted dirty words into the Congressional Record in 1921. His colleagues overwhelmingly censured him on October 24, 1921, by a vote of 293-0."

changing tastes of an entire generation of Italians on the film set, in the newspaper office, and on the street. The book highlights Flaiano's uneven yet steadily developing anticolonialist stance, his emerging

He's one meeting, one woman, away from being inside one of the money laundering shells the cartel operates. Their two will paths collide. Two people who will do anything, including sleeping with the enemy, to avenge or save someone they love. But what

will those ghost
destroy them or
forever bind them?

This much
anticipated
collection of
stories, written by
Oxford University
Fellow and Pain
Scientist, Dr GL
Moseley, provides
an entertaining and

Online Library

Loncin

informative way to understand modern pain biology. Described by critics as 'a gem' and by clinicians as 'entertaining and educative', Painful Yarns is a unique book. The stories, some of his travels in outback Australia, some of

Online Library

Loncin

experiences growing up, are great yarns. At the end of each story, there is a section "so what has this got to do with pain?" in which Lorimer uses the story as a metaphor for some aspect of pain biology. The level of the pain

Online Library

Loncin

education is appropriate for patients and health professionals. The entertainment is good for everyone. You don't have to be interested in pain to get something from this book and a laugh or two!
