Tom Angleberger's latest, loopiest middle-grade novel begins when M'Lady Luggertuck loosens her corset (it's never been loosened before!), thereby setting off a chain of events in which all the strict rules of Smugwick Manor are abandoned. When, as a result of "the Loosening," the precious family heirloom, the Luggertuck Lump (quite literally a lump), goes missing, the Luggertucks look for someone to blame. Is it Horton Halfpott, the good-natured but lowly kitchen boy who can't tell a lie? Or one of the many colorful cast members in this silly romp of a mystery. Praise for Horton Halfpott "A positively gleeful historical mystery farce. Short chapters, a fast pace and plenty of linguistic and slapstistic humor will have young readers hoping that a sequel is planned. The scribbly pen-and-ink chapter-heading cartoon illustrations are just icing on the cake—or pickle éclair. A romp from start to finish." –Kirkus Reviews "Exaggerated black-and-white drawings emphasize the often wacky humor in this goofy faux-British mystery. Sprawling, outlandish tale." –The Bulletin of the Center for Children's Books "Readers will enjoy Angleberger's penchant for the absurd as well as his many droll asides. With Angleberger's many eclectic characters, his wild-and-witty storytelling, and a lighthearted but perplexing mystery—involving a "lump" of diamonds, a couple of wigs, and a bust of Napoleon—readers are in for a treat." –Publishers Weekly "From the author of The Strange Case of Origami Yoda, here's an amusing romp of a mystery that balances skulduggery with just rewards." –Booklist "Much like Dickens or Dahl, an opinionated narrator with a strong sense of the ridiculous directs this story." –School Library Journal

"32 cheers for Ernessa T. Carter! She's created one of the freshest, funniest characters I've ever read….32 Candles is a charmer." —Carleen Brice, author of Orange Mint and Honey 32 Candles by exciting newcomer Ernessa T. Carter is the slightly twisted, utterly romantic, and deftly wry story of Davie Jones, who, if she doesn't stand in her own way, just might get the man of her dreams. For fans of John Hughes's "Sixteen Candles", 32 Candles is a fresh and fun fiction debut for every fan of romantic comedy.

One of the most insidious intrusions on Americans' personal privacy and freedom in recent years has been the increasingly pervasive practice of urine testing. Since the introduction of federal drug testing regulations by the Reagan administration, Americans have more and more often been required to pee in a cup in order to prove their worthiness for employment, insurance, medical treatment, child custody, extracurricular activities in schools, workers' compensation, security clearance, participation in athletics, military service, and personal liberty from prison. Behind this practice lies the scientifically unwarranted assumption that a person's fitness can be determined by the chemistry of their urine or other bodily fluids, much like the fictional, crackpot Laputans satirized by Jonathan Swift in Gulliver's Travels. In fact, drug testing does not measure fitness or impairment, but rather the presence of certain drug residues that may have no deleterious effect at all. This is especially the case with marijuana, the most popular, safe, and medically useful illegal drug, whose presence is typically detectable for days or weeks after last use by urine testing, long after any impairing effects have faded. Ironically, urine testing is far more sensitive to marijuana than more dangerous drugs, such as opiates, amphetamines, and alcohol (which isn't even checked for in urine tests). Therefore drug testing can have the counterproductive effect of encouraging workers to move from marijuana to more dangerous, less detectable substances such as designer drugs, alcohol, and prescription narcotics, while at the same time depriving them of the medicinal benefits of cannabis. Moreover, of course, it subjects users and non-users alike to an obnoxious invasion of intimate bodily privacy.

Emerging from Bellmarsh Prison, with nothing but a black plastic sack of clothes, the author recounts how he was accepted at Wycliffe Hall Oxford to read theology and how this reconditioned his mind as well as his soul. This sequel to his first volume of autobiography (Pride and Perjury), starts his story as he is taken down from the courtroom.

An entertaining and illuminating collection of 100 surprising connections between math and the arts. At first glance, the worlds of math and the arts might not seem like comfortable neighbors. But as mathematician John D. Barrow points out, they have a strong and natural affinity—after all, math is the study of all patterns, and the world of the arts is rich with pattern. Barrow whisks us through 100 thought-provoking and often whimsical intersections between math and many arts, from the golden ratios of Mondrian's rectangles and the curious fractal-like nature of Pollock's drip paintings to ballerinas' gravity-defying leaps and the next generation of monkeys on typewriters tackling Shakespeare. For those of us with our feet planted more firmly on the ground, Barrow also wields everyday equations to reveal how many guards are needed in an art gallery or where you should stand to look at sculptures. From music and drama to literature and the visual arts, Barrow's witty and accessible observations are sure to spark the imaginations of math nerds and art aficionados alike.

Only a woman with an iron backbone could succeed as an undertaker in Victorian London, but Violet Morgan takes great pride in her trade. While her husband, Graham, is preoccupied with elevating their station in society, Violet is cultivating a sterling reputation for Morgan Undertaking. She is empathetic, well-versed in funeral fashions, and comfortable with death's role in life--until its chilling rattle comes knocking on her own front door. Violet's peculiar but happy life soon begins to unravel as Graham becomes obsessed with his own demons and all but abandons her as he plans a vengeful scheme. And the solace she's always found in her work evaporates like a departing soul when she suspects that some of the deceased she's dressed have been murdered. When Graham's plotting leads to his disappearance, Violet takes full control of the business and is commissioned for an undertaking of royal proportions. But she's certain there's a killer lurking in the London fog, and the next funeral may be her own. Equal parts courage, compassion, and intrigue, Christine Trent tells an unrestrained tale of love and loss in the rigidly decorous world of Victorian society. Praise for the novels of Christine Trent "Genuinely engrossing. . .with a rare Regency heroine who loves her work and does it well." Publishers Weekly on By the King's Design "Exuberant, sparkling, beguiling. . .brims with Dickensian gusto!" --Barbara Kyle, author of The Queen's Lady on The Queen's Dollmaker "Winningly original. . .glittering with atmospheric detail!" --Leslie Carroll, author of Royal Affairs on The Queen's Dollmaker
